REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: As stated in the previous Office action entered 11/02/2006, in view of Applicant's declaration under 37 CFR 1.132 showing unexpected results, and in view of the finding of no teaching, suggestion or motivation in the prior art to use a nucleotide spacer comprising *at least 40 bases*, the pending claims are novel and non-obvious over the prior art.

Additionally, the terminal disclaimer filed on 10/27/2006 over co-pending application 09/817,014 is considered fully responsive to the Office action of 11/02/2006 and sufficient to overcome the double patenting rejection therein. That Office action was dispatched by the examiner before the terminal disclaimer had been considered.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
